

INSTRUCTIONS TO DO THE LEVEL TEST ON LINE

If you have already studied some Spanish in the past we would ask you to do the test on our web page.

To do **the first part** of this test, go to <http://simtest.uab.es/simtest/index.html>. Then click on **Test instructions in English**. You may read the text and click on **continue**. Now you have to identify yourself by filling in the following information:

Session number: **50069**

Center: **uab-bcn**

User name: **Name and surname of the student**

Key: **2009**

Level: *"if you know your approximate level (up to level 6), please state it; if not, leave level 1"*

Click on **continue**. Read the instructions on how to do the C-test and click on **continue**.

It is really important that you do not close the test before finishing. If the questions are too difficult you should not answer them, and should not exit the test until the end.

If you have difficulties, you may press the green arrow on the top left corner. If the difficulties still persist please send an e-mail stating your problem to: info.idiomes@uab.es

The second part is a writing test. To do this second part, go to <http://simtestprv.uab.es/scriba> .

BOTH PARTS ARE MANDATORY IF YOU WANT TO ENROLL IN THE SPANISH COURSE. IF YOU ARE AN ABSOLUTE BEGINNER, YOU ONLY HAVE TO FILL IN YOUR PERSONAL INFORMATION IN THE FOLLOWING LINK:
