Course Description

This course addresses concepts and theories from a variety of disciplines, such as psychology, sociology, social psychology, anthropology and political. This interdisciplinary approach will challenge the student to integrate knowledge from the aforementioned topics. The MBA students will develop among others, interpersonal and communication skills, as well as decision making skills.

Instructor

Dr. Maria Michailidis

Course Aims and Objectives

This course will expose the students to the behavioristic aspects of an organization, where the individual and the group will be the units of analysis. The behavior of employees will be studied so that the manager's job becomes more efficient and effective.

Teaching Methods

The course is delivered through a mixture of lectures, tutorials and practical exercises and assignments.

Course Teaching Hours

42 hours (lectures/presentations). The course is delivered during the summer session (10 days module).

Evaluation and Grading

Mid-Term: 40%
Final Assignment: 50%
Participation: 10%
